It was recommended at our June Meeting to make changes to the little book we use. We need to vote on this before it can happen. Therefore, your voice needs to be heard. Please attend this meeting so we can do what you want to see what happens to our organization. If you can't attend please send a note stating your thoughts.

Remember we are always looking for new members. If you know of a past Matron or Patron, that would like to join us please bring them along.

Please send your responses to me at:
